

HYBRID WORK AND ATTENDANCE POLICY (DEMO HK)

Document type: Company policy

Applies to: Office-based and hybrid employees (Hong Kong)

1. Default model

Item | Rule

Standard pattern | 3 days in office / 2 days remote per week unless role is office-mandatory

Core collaboration hours | 10:00-16:00 HKT - be reachable on Teams

Office days | Team-agreed; managers may set fixed anchor days (e.g. Tue/Wed/Thu)

Fully remote | Exception only; People Ops + department head approval

2. Booking the office

1. Use the Workplace / desk booking tool linked from the People Portal.
2. Book before 17:00 the prior working day when possible.
3. Cancel unused desks so others can book.

3. Attendance expectations

- Be online and responsive during core hours on remote days.
- Calendar should show focus time vs meetings honestly.
- Repeated no-shows on agreed office days may trigger performance discussion.

4. Working from outside Hong Kong

Working abroad (including WFH while travelling) requires manager + HR pre-approval for tax, immigration, and data reasons. Tourist "work from beach" without approval is not allowed for periods over 5 consecutive working days.

5. Overtime and after-hours

Non-managerial overtime follows the Employment contract and OT policy. Hybrid work is not a substitute for unpaid overtime expectations.

6. What the assistant may say

- Explain 3/2 default, core hours, desk booking pointer, overseas work rule.
- Direct exceptions to manager/HR.
- Must not grant remote-work exceptions.
